EMIL ILHAMOGLU
GRAND MASTER

About PhiBrows Master Emil Ilhamoglu

- Master Emil Ilhamoglu was born in Azerbaijan
- PhiBrows trainer in most countries. He has students in all over the world.
- Author of manual NanoBrows and NanoBrowsPMU
- Best Healed Master of 2017
- He became a Grand Master NanoBrowsPMU technique in International Master Class 2019 in Serbia

NanoBrowsPMU course

NanoBrows PMU is the easiest way of drawing natural eyebrows. Also PhiBrows members (Students, Artists, Royal Artists and etc.) can attend this course. PhiStabilizer will help you to control your machine and drawing thinner hairs. As a result you will get the most wonderful eyebrows by using PhiStabilizer. We provide our students with theoretical and practical lessons support through the Craft Master application. You can use PhiStabilizer with Simplicity Artist machine and Simplicity Master machine. If you have one of these machine you can join to the course without machine.

Course outline

Duration: 2 days+6 months online support

NanoBrows course includes 2-day workshop with theoretical and practical day. After the workshop, students receive Certificates of Attendance as well as access to the Craft Master application for the period of 6 months of continuous learning. During this period, they can always communicate with the lecturer, who will be there to help them learn in the best possible way. Theoretical day covers all the topics the students have to get familiar with all levels for drawing eyebrows. Practical part of the course includes drawing eyebrows on live models.

Emil Ilhamoglu presented NanoBrows PMU technique first time on International Master Class in Serbia 20

Theoretical day includes:

- NanoBrows PMU Introduction
- How to use the tools correctly
- The familiar and unfamiliar skin types
- Determining the deepness to get the best result
- How to prepare yourself, clients and the space for the treatment
- How to inform clients about after care
- Information about pigments in detail and how mix them

Course Agenda

Day 1

09:00 Registration and signing the contracts between the Master and each student

10:00 Basic information about the NanoBrows PMU course that would help the students to have realistic expectations regarding the training and mastering the NanoBrows PMU skill (course duration, support, obtaining the Certificate, etc.)

10:15 Golden ratio and forming the shape of eyebrows on paper

10:45 Using Simplicity Artist machine; opening the bottle with pigment; PhiStabilizer; drawing the strokes ; video material

11:00 Drawing the strokes on skin simulation (latex)

11:15 Level 1

11:30 Level 2

11:45 Level 3 и Level 4

12:00 Break

12:15 Level 5

12:30 Level 6

12:45 Level 7 и Level 8

13:00 Lunch break

14:00 Adding the students into the Craft Master learning application and getting familiar with the application (communication, lectures, sending the photos of work etc.)

ONLINE STUDYING

The reasons to choose NanoBrows PMU course

If you want to prevent hand tremors during work and helps you to control the depth, PhiStabilizer will be your №1 friend. Also you can make perfect eyebrows even on oily skin(it means that there will be partially no migration of paints) or damaged skin. The another wonderful thing is that your patients will walk with NanoBrows PMU about 2 years. By attending in this training you will learn how to draw eyebrows from A to Z by using Simplicity Artist machine and PhiStabilizer. PhiStabilizer will help you to cover your mistakes

In order to reserve your place, you must pay a deposit 50% of total price(1300 euros

Attention! Don't buy any tickets before the confirmation of courses! We are not responsible for this money
